# Our Services

The **Fresh Start Housing Solutions** program by *Unlocked Home Relief* offers **an innovative, comprehensive approach** to relocation and financial recovery for homeowners feeling the 'New England Squeeze' of rising costs, mounting bills, or impending auction dates. We alleviate the intense stress of moving by addressing the root causes of instability through these holistic services:

## HOME PLACEMENT

We provide personalized support to find and secure the right housing for your needs at a price you can afford, even if you face challenges like low credit, no rental history, or have pets. We guide you every step of the way.

## THE RELIEF FUND

We cover up-front moving expenses like security deposits, first and last months rent, even personal expenses if needed, so you don't have to drain your savings. These costs are simply reimbursed from your home's equity at closing.

## PACK AND MOVE SOLUTIONS

Transitions can be overwhelming, so we handle the heavy lifting. We coordinate packing supplies, local movers, and property clean-outs, allowing you to focus entirely on your family's next chapter.

## EMPLOYMENT SERVICES

We offer comprehensive employment assistance to help you rebuild long-term financial stability. This includes resume creation, interview coaching, and connecting you with local job opportunities.

**Moving with  
pets or  
children?**

**Low credit  
score?**

**No proof  
of income?**

**That's okay! Our  
exclusive video  
series will teach  
you how we  
overcome these  
common obstacles.**

## **OVERCOMING EVERY OBSTACLE**

Finding a new home is rarely just about finding four walls. We understand that your family has **unique, non-negotiable needs**. Whether you must keep your children in their exact school district, require a first-floor apartment for health and mobility reasons, or need a landlord who welcomes your specific dog breed, we tailor the search entirely to you.

When traditional applications get rejected because of low credit or limited income history, we don't just hand you a list of links and wish you luck. We directly negotiate with landlords and utilize our established credibility to **actively advocate for you and overcome the barriers that typically lead to rejection**.

## **POST STAY FLEXIBILITY**

Finding the right home takes time, and you should never feel forced into a rushed move-out. We can often negotiate a post-stay agreement that allows you to remain in your home for a period of time after the closing.

This gives you the breathing room and transition cash you need to comfortably find your next place and pack your keepsakes **without the panic of a hard deadline**.

## THE RELIEF FUND

The biggest barrier to moving isn't finding a new place - it's the upfront cost. Security deposits, first month's rent, and moving trucks can easily create a massive financial wall. Our Relief Fund is a dedicated reserve designed to break down that wall. **If your home has sufficient equity, we advance the money you need to secure your next chapter.** You never have to drain your savings or rely on credit cards just to transition safely.

## HASSLE FREE CASH ASSISTANCE

What We Cover: We can advance funds for rental deposits, packing supplies, local movers, property clean-outs, and even past-due utility bills.

**Zero Out-of-Pocket:** You pay absolutely nothing today. The exact amount we advance is simply reimbursed from your home's equity at the closing table, along with a modest, transparent service surcharge (10% to 20%, depending on the amount). Everything is fully documented on your final settlement statement. No hidden fees, no surprises. Just the peace of mind you need to focus on what truly matters: your family.

## PREFER TO SKIP THE CHAOS?

The thought of packing up years of memories, renting expensive moving trucks, or clearing out a cluttered garage can make transitioning feel emotionally and physically impossible. When you are already navigating financial hardship, the physical state of your property can become a massive source of silent stress and paralysis. You don't have to navigate this nightmare alone.

## EPIC FULL SERVICE CLEAN OUTS

Take what you love, and leave the absolute rest to us. We break the chaos down into manageable phases: organizing your belongings, coordinating donations, handling trash removal, and finally, packing and moving your treasured keepsakes to your new home. We collaborate with local partners like SeaCoast Movers to coordinate dumpsters and haul away specialty waste. Just read *Cassie's Success Story*—we managed a massive clean-out requiring six dumpsters and vehicle removal so she could safely relocate. Best of all, you pay zero out-of-pocket because we advance these costs through our Relief Fund.

## TOP-NOTCH EMPLOYMENT PLACEMENT

Need a job? Or do you need a higher-earning job than the one you have now to beat the rising cost of living? Want to switch careers but having no luck? We know that job loss or low wages are often the root cause of financial hardship. That is why our Fresh Start program goes beyond housing to include full-scale employment support, helping you rebuild your long-term financial security.

## CREATING YOUR RESUME & COVER LETTER

The modern job search can be exhausting, but you don't have to tackle it alone. We start with a full intake process—taking a deep dive into your job history, skills, and goals. Then, our team steps in to completely optimize or build your resume from scratch, and we craft professional cover letters tailored to the roles you actually want. We do the heavy lifting to ensure you stand out to employers.

## COACHING, CONNECTIONS & FOLLOW-UP

We don't just hand you a resume and wish you luck. We actively pull job listings as a starting point and connect you with local recruiters and job fairs. Through 1:1 interview coaching and daily or every-other-day accountability check-ins, we keep your momentum going. Once you land that offer, we even assist with employment verification and proof-of-income letters so you can seamlessly secure your new rental.

## SUPPORT WITH AGING PARENTS, SENIOR HOUSING, AND ELDERLY CARE

Navigating the transition to senior housing can be an overwhelming maze of paperwork, varying care levels, and financial confusion. At Unlocked Home Relief, we provide hands-on, step-by-step guidance to ensure your aging parents find the safe, affordable care they deserve.

We actively advocate for your family to bypass long waitlists and secure housing that fits their fixed income.

**Whether your loved one needs independent living, assisted living, or full nursing care, we handle the complex logistics so you can focus entirely on their well-being.**
